RESPONSE TO RESTRICTION  
REQUIREMENT

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

In response to the Restriction Requirement mailed August 6, 1999, Applicants elect to prosecute the claims directed to compound 38 (*see, e.g.*, claims 1, 15, 16 and 18 and Example IX) and to a method of producing an antiprogestational effect in a patient (*see, e.g.*, claim 27 and Section B of the Example Section).

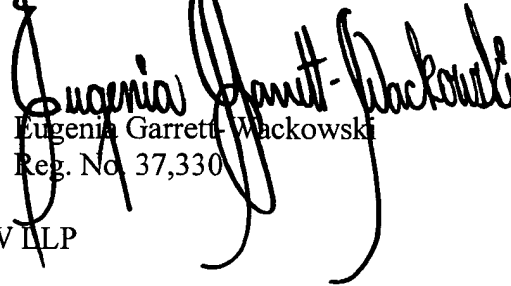

The foregoing election is made with traverse as the various groups set out by the Examiner stem from a common concept and theory and are thus related. As such, prosecution of all of the claims would not place a substantially greater burden on the Examiner. Accordingly, Applicants respectfully request the Examiner to withdraw the Restriction Requirement and to consider claims 1-36 together.

Respectfully submitted,
